NON-CLINICAL PROGRAM REFERRAL PORTAL	
Patient: Marla Dixon	
Eligible Programs	Action
Structure House Weight Loss Program	<input type="button" value="refer"/>
Referrals	Status
TROSA (Triangle Residential Options for Substance Abusers)	requested

## Patient:

This field displays the patient context in which the client application has been launched. All eligible programs and referrals listed will be for this patient.

## Eligible Programs:

This table lists all programs the patient is eligible for, allowing for electronic referrals to each via associated "refer" buttons. Program eligibility is determined based on the matching between the patient's registered address and the country, state, and district listed in each program's available coverage area. Once submitted, the current status for each referral is displayed in the "Referrals" table below.

## Referrals:

This table displays the current status for all non-clinical program referrals submitted. Description of possible status text is as follows:

Status	Description
requested	Referral request submitted
active	Referral request transmitted to recipient program
accepted	Referral request accepted by recipient program
rejected	Referral request rejected by recipient program
